

RUMAH  
**LUWIH**  
BALI

## Resort Overview

With its beautiful line of high colonial windows, spiraling teak stairway and Dutch era tiles, Rumah Luwih presents an elegant setting for a perfect royal holiday in Bali.

The lavish resort, designed by noted Indonesian architect Hadiprana derived its inspiration from the gorgeous Ujung Water Palace in Karangasem. The palace is renowned for its grand architecture, exquisitely blending the beauty of Dutch colonial style with the intricate details of both Chinese and Balinese cultures. Such grandiosity provides the base for Rumah Luwih's architectural design. The resort, which occupies 2 hectares of lush greenery, is the setting for this lavish private residence where all guests are treated as royals in their very own tropical sanctuary.

Deriving its name from a Sanskrit word, Luwih translates as "more". More than a house, Rumah Luwih is a home. Its architecture epitomizes a beautiful beachfront mansion where all family gathers to relax and unwind.

Located in the lush and unspoiled East coast of Bali, the resort enjoys unparalleled scenic beauty on one of Bali's best beaches. With our unrivalled hospitality, guests are welcomed to enjoy this luxury residence and are invited to experience a series of activities making for an unforgettable holiday.
